here to spend the summer in.

You can ask some of your friends this what it would cost to build such a lingala or cabin long enough for eight or ten beds to sleep in also dining room and cook room, now if you have any idea I am trying to get something for nothing. I would like for you to take a trip here and see for you self. I am going to be honest about this business and hope we can get it started this fall. so as to have any thing ready for next summer. will you write me and let me know what you think about this matter, also let me know if you are enjoying good health, for I think of you as a great big sister, and hope soon as I may have the pleasure to meet you.
